Thank you. It is a nice and it motivates the team to get comments like this. It has turned around since you have become Branch Manager. Together we will make this work.

Subject: A server 'thank you'

Lou, Scott, Ron, Jim,

I hope I haven't left anyone out that has contributed to this effort. If I have, I apologize and ask that you forward this message to them.

I just wanted to give the COT Server Team a huge "thank you" for all the effort you are putting into our server situation. You guys know I am a straight shooter, but that has to be true when people do a good job as well. I could not have asked for a more responsive effort, or a better job, as Lou, Scott, Ron, and Jim have done here. Communication has been beyond reproach as well. We have 4 servers up, and hopefully the 5th will be up today. You have done a fantastic job and I appreciate it more than you know.

Thank you again.

-Brian
